Tuesday:

Wednesday:

- Bible Memory Verses Due
- Cross Country Practice: 3:35 - 4:30

Thursday:

- Science Test

Friday:

- Dress up: Favorite sports team day
- Spelling Test

This week in 2nd grade, we have been working on the story of Jacob and Esau. We are learning about the effects of lying and how God forgives us and loves us even though we are sinful. We are also diving into partner number houses in math and creating a book about how to plant a garden throughout the months of the year in science. In social studies, we are focusing on understanding what an urban, rural, and suburban area is. For reading, we are finishing up our sight word "around" and getting ready to graduate to the next few words. We had a great week with getting into some more of our curriculum and getting down our routines. It was a great week!
