This past week was our last week of the 1st quarter!!

The students worked really hard this week! As a reward, we were able to play a few review games.

We had lots of fun and were able to recite and remember what we had worked on throughout the school year so far. In social studies, we started to create our own World maps. We are coloring in the map to which continent is which. We are also labeling the different oceans and continents. In science, we have finished our fossil timelines. For math, we are focusing on place value and more of our story problems.

Overall, we had a great productive week! We are excited to see what the 2nd quarter has in store for us!
